

**Margaret R. Clarke, Ph.D.**  
**Executive Secretary**

**Patricia M. Putnam**  
**Editorial Assistant**

**Volume 18, Number 1**

**March, 1994**

### **From the Editor's Desk**

The next Bulletin will be completed by May 25. Get your information in ASAP, late contributions (past 5/15) will probably not be included.

Send corrections, change of address and membership inquiries to Jeff French, Psychology Dept, University of Nebraska at Omaha, Omaha, NE 68182-0134, E-mail: jfrench@unomaha.edu, FAX: (402) 554-3296.  
-- Margaret R. Clarke --

### **From the Treasurer**

**Membership Status in ASP: Look at Your Mailing Label** - If you renewed your ASP membership and it was received by 3/4/94, then your label will reflect your status for 1994. If you have not renewed your membership before this time, this is also indicated on the label. This will serve as the third and final notice for renewal. Please fill out the enclosed membership form and forward to: Jeffery A. French, ASP Treasurer, Psych Department, Univ. Nebraska at Omaha, Omaha, NE 68182-0274. -- Jeffery French --

### **Program Committee News**

The abstract and program review for the upcoming meeting is expected to be completed by the end of March. Approximately 170 papers and posters have been submitted. Those who have submitted abstracts can expect to hear by April, not sooner, whether and when their papers/posters are scheduled. If anyone fails to hear from me by April 10 concerning their submission, they should call or send E-mail. Nancy Caine, Psychology Program CSUSM, San Marcos, CA 92096, (619) 752-4145, FAX: (619) 752-4030, E-mail: nancy-caine@csusm.edu

The keynote address at this year's meeting will be delivered by Frans de Waal. Other featured speakers include Jay Kaplan, Kar Strier, and Rich Rawlins.  
-- Nancy Caine --

### **Conservation Committee News**

**Final Call for Conservation Award Nominations and Grant Application** - Nominations for ASP Conservation Awards and Grants are now being sought. These awards and grants are a contribution to the larger conservation picture and a mechanism to recognize deserving colleagues and students, including those from primate source countries. An award nomination is basically a letter of recommendation.

The Subscription Award provides the American Journal of Primatology to worthy individuals in source countries who don't have access to the scientific literature on nonhuman primates. Preference is given to individuals who will make the AJP available in a central place for colleagues to use, and to those who can justify brief reapplication every two years to build up their library of AJP. A nominating letter should describe the nominee, his/her primate related activities, and the degree of need for an AJP subscription.

The 1993 subscription awards went to: Dr. M. K. Giri, Natural History Museum, Kathmandu, Nepal; Dr. F. Nassar-Montoya, La Salle University, Columbia; L. Sirengo, Institute of Primate Research, Kenya; Dr. E. M. V. Veado, Estacao Biologica de Caratinga, Brazil. In addition, prior awards to recipients in Asia, South America, and Central America were renewed.

The Conservation Award (\$500) provides recognition and financial support for students and young investigators from source countries. Past awards have been presented by U.S. Ambassadors or other senior consulate officials, obtaining favorable publicity for ASP, the award, its recipient, and primate conservation in the recipient's country. Nominators should provide the name, title, and mailing address along with a statement about the nominee's qualifications and contribution to primate conservation. Current students, researchers and educators within 5 years of graduation are eligible.

The **Senior Biology and Conservation Award** (\$500 Honorarium) is one of ASP's highest honors. It is given to recognize an individual without an advanced degree who has made a substantial contribution to conservation or related aspects of primatology over at least 5 years. This work could be done with primates in the field, laboratory or zoo settings, and nominees could be animal caretakers, research technicians, census takers, research facilitators, individuals involved in private enterprises, etc. Nominations should include a letter of support detailing the nominee's qualifications and contributions to primate biology and conservation.

**Conservation Small Grant** (\$500) proposals are solicited for conservation research or other projects, including conservation education. Members working in source countries are urged to apply or to help someone from a source country submit a meaningful project, which can be a portion of a larger effort. Grant proposals must be typed in English, should not exceed 2000 words, and should include a brief budget page. Grant recipients will submit a brief progress report in a form suitable for publication in the Bulletin.

The Conservation Committee will make its recommendations for awards and grants to the ASP Executive Committee at the annual meeting, held in 1994 in Seattle. Successful nominees and applicants will be informed following the meeting and their names published in the Bulletin. **The deadline for submission of nominations and grant proposals is June 20, 1994.** They should be sent to Ramon J. Rhine, Psychology Department, University of California, Riverside, CA 92521.

---

## Bulletin Board

**Call for Items for ASP Silent Auction** - The American Society of Primatologists's Conservation Committee announces the Third Annual Silent Auction to raise funds for primate conservation projects. The auction, to be held during the 1994 annual meeting, will contain unique items donated for auction to the highest bidder. Auction items can be anything, but preferred donations are artwork from primate host countries or anything related to primates (t-shirts, ties, toys, etc.). Please bring your donations to the meeting or mail them in advance to: Dr. Carolyn Crockett, Primate Center, SJ-50, University of Washington, Seattle, WA 98195. If you mail the item, please provide information of the item (place of origin, its purpose, who donated it, etc.) If you have questions please contact: Dr. Janette Wallis (405) 271-4227 or [janette-wallis@uokhsc.edu](mailto:janette-wallis@uokhsc.edu).

**How many ring-tailed lemurs does it take to screw in a light bulb?** - The ASP Conservation Committee is preparing a booklet of "Primate Humor." We are seeking jokes, original cartoons, re-written song lyrics, brief stories, or anything focusing on primate subjects that make you laugh. In addition to the above listed items, we have sections on: jobs/hobbies, i.e. what nonhuman primates do in their spare time, funny things students write from primate behavior test answers, and our own version of "stupid pet tricks" or, rather, interesting and creative things we have seen our subjects do. The entries should focus on primate humor (either humor about nonhuman primates or about people who work WITH primates). All submissions will be properly cited, unless you choose to remain anonymous. The final product will be on sale at the 1994 ASP meeting. All proceeds will go to the Conservation Committee's small grants for research projects, conservation awards, and journal subscriptions for researchers in third world countries. Send your entries to Dr. Janette Wallis, Dept OB GYN, University of Oklahoma Health Sciences Center, Box 26901, Oklahoma City, OK., 73190, or call (405) 271-4229, [janette-wallis@uokhsc.edu](mailto:janette-wallis@uokhsc.edu).

**Audiovisual Resources in Primatology** - Copies of the 1993 edition of the WRPRC catalog, Audiovisual Resources in Primatology are still available. The catalog contains an annotated list of audiotapes, videotapes, slide sets and films, and the number of slides held for each species in the audiovisual collection of the Wisconsin Regional Primate Research Center Library. Indexes are provided for species and titles. Introductory material in the catalog explains procedures for borrowing and/or contributing materials. The catalog sells for \$10.00 in the U.S., and \$18.00 (U.S.) outside of the United States. To order a copy, provide the information requested below, and mail to the address shown. Make checks payable to the Wisconsin Regional Primate Research Center. E-mail orders may be sent to: [hamel@primate.wisc.edu](mailto:hamel@primate.wisc.edu). (Ray Hamel, Special Collection Librarian)

---

## Conference and Workshop Announcements

**Primate Training and Enrichment Workshop** - A Primate and Enrichment Workshop will be held May 1-4, 1994, at the M. D. Anderson Cancer Center, Department of Veterinary Sciences in Bastrop, Texas. Caregivers and supervisors working with primates in zoos and laboratories are especially encouraged to attend. This "hands on" workshop, taught by professionals from M. D. Anderson and Active Environments, Inc., will focus on environmental enrichment and positive reinforcement training to improve primate well-

being. The format will be a combination of discussion, demonstration, and lecture, emphasizing group participation. The registration fee of \$225 includes all workshop materials, a T-shirt, and most meals during the four days. Reasonably priced rooms in local motels are available. Attendance is limited to 30 participants. For more information or to register contact Marilyn Hill, PTEW Conference Coordinator, M.D.A.C.C., Rt. 2, Box 151-B1, Bastrop, Texas 78602, 512-321-3991, FAX: 512-332-5208.

**Symposium on the Primate Family Callitrichidae - May 1, 1994.** The New World Primate Taxon Advisory Group of the American Association of Zoological Parks and Aquariums will host this symposium preceding the 1994 Northeastern Regional meetings of the AAZPA in Hershey, PA. The symposium will focus on topics of husbandry, nutrition, behavior, reproduction, and field research. Registration fee will be \$25. For more information, contact Andy Baker or Beth Bahner at: Philadelphia Zoo, 3400 W. Girard Ave., Philadelphia, PA 19104, (215) 243-1100, FAX: (215) 243-0219.

**Society for Conservation Biology and Association for Tropical Biology Joint Annual Meeting** (International Conference), June 7-12, 1994. Contacts: B. Benz or E. Jardel, SCB-ATB, Laboratorio Natural Las Joyas, Univ. de Guadalajara, Apdo. Postal 1-3933, Guadalajara, Jalisco, 44100, Mexico. FAX: 52-5-548-5259. Location: Guadalajara, Mexico. U.S. Contact: E. Santana, Department of Wildlife Ecology, University of Wisconsin, Madison, WI 53706. (608) 262-2671, FAX: (608) 262-6099 (from Primate-Talk Calendar).

**Seventy-Fifth Anniversary Meeting of the American Society of Mammalogists** - The National Museum of Natural History and National Zoological Park, Smithsonian Institution and Biological Survey Section, National Biological Survey, will host this meeting to be held at the Smithsonian Institution on June 18-23, 1994. Preregistration fees are \$75 for non-students and \$60 for students who register before May 15 (date of postmark), 1994. Registration fees cover all administrative costs, printing of conference materials, refreshment breaks and appetizers at evening socials.

**International Society for Comparative Psychology** - The Seventh Meeting of the ISCP will be held in Sao Paulo, Brazil July 4-9, 1994 at the Institute of Psychology of the University of Sao Paulo. Proposals for lectures, symposia and posters are welcome. Please submit your proposals as soon as possible so as to give us time to set up the program and to apply for financial support from funding agencies. For additional information contact Cesar Ades at the Department of Psychology, University of Sao Paulo, Av. Prof. Melio Maraes, 1721, 05508 Sao Paulo, Brazil; FAX: (001) 813-8895; e-mail: CADES@BRUSP.BITNET); or Lesley Rogers at Physiology Department, University of New England, Armidale, NSW 2351, Australia; FAX: 001-61-67-732733; e-mail LROGERS@GARA.UNE.OZ.AU

**Animal Behavior Society & American Society of Primatologists** - The Regional Primate Research Center at the University of Washington will host the 1994 meetings of ABS on July 23-28, 1994 and ASP on July 27-30, 1994. July 28 will be presented as a joint meeting emphasizing primate behavior. Each society will maintain separate ice-breaker, poster, and banquet sessions. A stronger interaction between animal behaviorists and primatologists in all research areas is anticipated. For more information contact: James C. Ha (JCHA@U.WASHINGTON.EDU) or Carolyn Crockett (CROCKET@U.WASHINGTON.EDU), Primate Center SJ-50, University of Washington, Seattle, WA 98195, (206)543-1440.

**The XVth Congress of the International Primatological Society** - Bali, Indonesia, August 3-8, 1994. Organized by the Directorate General of Forest Protection and Nature Conservation, the Indonesian Wildlife Society and the International Primatological Society. For more details contact: Dr. Linda Prasetyo, c/o Perth Zoo, 20 Labouchere Road, Western Australia 6151, AUSTRALIA, tel: 09-368-1916, FAX: 09-367-3921, or Dr. Sugardjito, WWF/US Asia-Pacific Program, 1250 Twenty-fourth St., NW, Washington, DC 20037, (202) 861-8300, FAX: (202) 223-6971 (from IPS Newsletter).

**Society for Conservation Biology** - June 7-11, 1995. Location: Fort Collins, Colorado. Contact: Richard L. Knight, Dept. of Fishery and Wildlife Biology, Colorado State University, Fort Collins, CO 80523, USA (303) 491-6741. (from Primate-Talk Calendar)

---

## Employment/Funding Opportunities in Primatology

**Zoo Animal Research Technician 10** - The City of Dallas Personnel Department is currently seeking qualified applicants to fill a Zoo Animal Research Technician 10 position. Qualified applicants must have a Bachelor's degree in Life Sciences. Must be well versed in mammalian biology and exhibit expertise with taxonomic nomenclature. Must be familiar with the editorial processes and have the ability to devise research projects, collect data, and present observations to professional biological societies. Responsibilities include feeding, cleaning, observation of behavior, exhibit design/construction, research, and lectures to docents, school groups and the general public. This position is subject to drug and alcohol testing. Individuals interested in this position should submit a complete application and may attach a resume

by April 29, 1994 to: Staffing Manager, Personnel Department, 1500 Marilla Street, City Hall, Room 6AN, Dallas, Texas 75201. Equal Opportunity Employer M/F/H.

**Sophie Danforth Conservation Biology Fund** - This fund was established by the Roger Williams Park Zoo and the Rhode Island Zoological Society to help protect the world's threatened wildlife. Each year we award grants to individuals or institutions working in conservation biology for up to \$1,000. Projects and programs that enhance the biodiversity and maintain ecosystems receive the highest funding priority. Field studies, environmental education programs, development of techniques that can be used in a natural environment and captive propagation programs that stress an integrative and/or multi-disciplinary approach to conservation are also appropriate. Proposals for single species preservation, initial surveys, or seed money for technique development are not appropriate. Recipients are required to acknowledge the Roger Williams Park Zoo and the Rhode Island Zoological Society in any publications that result from the project. Recipients must also submit a progress report which includes an update on the status of the project. This report is due one year after funding. Limit your application to a two page curriculum vitae. All proposals must be submitted by May 1, 1994. Applications will be reviewed by a committee of zoo, zoo society, and outside advisors. Grants will be awarded in July, 1994. For further information regarding the Fund contact: Dr. Anne Savage, Director of Research, Roger Williams Park Zoo, Elmwood Ave., Providence, RI 02905, (401) 785-3510, FAX: (401) 941-3988, E-mail: BI599132@BROWNV.M.BROWN.EDU

**Zoo Keeper Grants in Zoology** - The American Association of Zoo Keepers (AAZK) provides funding for original keeper-initiated research on behavioral and/or biomedical topics or general zoo management principles. To be eligible for this grant, applicants must be AAZK members and employed as a full-time keeper in zoo or aquarium. Applications are due by March 31, 1994. For more information, contact: Susan Bernard, AAZK Research/Grants Committee, Department of Herpetology, Zoo Atlanta, 800 Cherokee Ave S.E., Atlanta, GA 30315.

**Biological Basis of Behavior** - The National Science Foundation provides support for behavioral research into the biological factors that underlie the behavior of animals. Research on genetic, environmental, hormonal, neural, and developmental and other anatomical and physiological determinants of behavior is supported. Research grants of up to \$100,000 are available. For more information, contact: Program Director, National Science Foundation, Division of Behavioral and Neural Sciences, 1800 G Street, N.W., Washington, DC 20550, (202) 357-7949. (from Primate-Talk)

---

## Educational Opportunities in Primatology

**Summer Field School in Costa Rica** - The Central America Conservancy for Primate Studies announce a comprehensive 4-week field school in the behavioral ecology and conservation of Neotropical monkeys to be held June 20-July 20, 1994. The field site, La Suerta Field Station, is a 700 acre tropical forest located in northeastern Costa Rica. The senior faculty for this program is Paul A. Garber, Ph.D., Associate Professor, Department of Anthropology, University of Illinois at Urbana-Champaign. Cost is \$1350 per student and includes registration, tuition, room and board at the research house, and transportation within Costa Rica. Application deadline is March 15, 1994. For more information contact: Sian Evans, Ph.D., DuMond Conservancy for Primates and Tropical Forests, 14805 S.W. 216 Street, Miami, FL 33170, (305) 238-9981, FAX: (305)235-4253.

**Summer Course on Ethical Issues of Animal Experimentation** will be held July 10-15, 1994, on campus at Georgetown University, Washington, D.C. The course is open to college faculty who would like to improve their skills in teaching about ethical issues surrounding animal experimentation to graduate and undergraduate students in their home institutions. Emphasis will be on how to use course materials in classroom instruction. Topics include the moral status of non-human animals, the justification for using animals in research and education, student objections, the use of alternatives, animal harms and pain, legal issues, and the importance of species. Varying points of view will be presented in a well-balanced fashion. The course directors are F. Barbara Orlans, Ph.D., Tom L. Beauchamp, Ph.D., of the Kennedy Institute of Ethics, Georgetown University, Washington, D.C. 20057. Tel: 202-687-6771 FAX: 202-687-6770.

**Volunteer Field Assistants** needed to assist an on-going field study of red howler monkey (*Alouatta seneculus*) demography and social behavior in Venezuela. Requirements: good physical condition, interest to watch monkeys, ability to work long hours in harsh field conditions, experience a plus. Must pay own air travel expenses but living expenses may be provided depending on availability of funds. Send letter of interest, CV and names of three references to: Dr. G. Agoramoorthy, c/o Prof. Minna J. Hsu, Department of Biology, National Sun Yat-Sen University, Kaohsiung 804, TAIWAN. FAX: 886-7-5319333, E-mail: Hsumin@cc.nsysu.edu.tw

**Field Work on Grenada** - A Field Assistant is needed for the Mona Monkey Project, Grand Etang National Park, GRENADA, Eastern Caribbean. Dates: ASAP-8/94. Responsibilities include assisting the principal investigator with the collection of natural history data and assisting the field manager with general logistics. Qualifications: Minimum BA or BS in anthropology, wildlife biology, or related biological science. No foreign language required. Need to be in good physical condition. Ability to hike steep, muddy terrain required. Must have some previous field experience. Salary: None. Room and board at the field station in rainforest provided. No stipend or transportation costs to and from Grenada provided. Contact: Mary Glenn, c/o K. Bensen, Peace Corps, P.O. Box 766, St. George's, GRENADA, West Indies, (809) 440-9779.

### **Summer Internships/Research Assistantships in Primatology**

Listed below are opportunities for students to become involved in primate research/husbandry. Please be advised that some of the listings are tentative. Additional information should be obtained by contacting, as soon as possible, the persons listed below.

1. Assist in data collection for study of eating tactics, mate selection and paternity in rhesus monkeys. From June to late November. Stipend: None; housing provided. Prerequisite: Class in primate or animal behavior. Contact: Dr. John Berard, Caribbean Primate Research Center, P.O. Box 906, Punta Santiago, Puerto Rico 00741, (809) 852-0690.
2. Field assistant for scientist studying social development of young free-ranging rhesus monkeys on Cayo Santiago, Puerto Rico. Data collection and organization. Duration: 1 year starting June 1, 1994. Stipend: Transportation and living expenses up to \$500 per month. Prerequisite: Animal behavior and computer experience advantageous. Send letter of interest, vitae and names of three references to Dr. Carol Berman, Department of Anthropology, SUNY at Buffalo, Buffalo, NY 14261. FAX: (716) 645-3808.
3. Assist in behavioral data collection, entry and analysis on captive chimpanzees. Duration: June 6 - August 12, 1994. Stipend: Possible with on-site housing available. Prerequisite: Coursework and interest in primate behavior. Experience with observational data collection and computers helpful. Contact: Dr. Mollie Bloomsmit, UTMD Anderson Cancer Center, Science Park, Department of Veterinary Sciences, Rt. 2, Box 151-B1, Bastrop, TX 78062, (512) 321-3991, FAX: (512) 332-5208.
4. Assist with behavioral data collection on chimpanzees and/or baboons for environmental enrichment studies. Duration: Time open - 6 weeks minimum. Stipend: Possible, no housing provided. Prerequisites: Prefer experience with primates, behavioral observation techniques, statistics and computers. Contact: Linda Brent, Southwest Foundation for Biomedical Research, P.O. Box 28147, San Antonio, TX 78228, (210) 674-1410, LBRENT@ICARUS.SFBR.ORG.
5. Collection, computer entry, summarizing behavioral data on Los Angeles Zoo primates. Possibility of independent research project. Duration: Three months, start June 1, 1994. Stipend: None. Prerequisite: Carefulness, reliability and good interpersonal skills; previous experience preferred. Contact: Dr. Cathleen Cox, Research Department, Los Angeles Zoo, 5333 Zoo Drive, Los Angeles, CA 90027, 213-666-4650 x232.
6. Opportunity for behavioral research (own or established project) on semi-free ranging monkeys in naturalistic rain forest exhibit. Duration: Flexible, start May 1994. Stipend: Housing available in exchange for 20 hr./week caretaking, etc. Prerequisite: Student should be under supervision of academic who can provide reference. Contact: Dr. Sian Evans, Dumond Conservancy, 14805 Southwest 216th St., Miami, FL 33170, (305) 238-9981, FAX: (305) 235-4253.
7. Data collection, entry and management; research administration tasks, depending on education and experience. Duration: May 16 - Aug 1, 1994. Stipend: None. Prerequisites: Student in behavioral sciences, computer experience helpful. Interest in mother-infant interactions, social development, environmental enrichment of captive chimpanzees. Reliable transportation essential. Contact: Sue Howell, Assistant Research Director, Primate Foundation of Arizona, P.O. Box 20027, Mesa, AZ 85277-0027.
8. Collect and enter behavioral data on captive gibbons, primate keeper. Duration: Assistance needed throughout the year. Stipend: None, but housing available. Prerequisite: Honesty, dedication, hardworking. Computer literacy and carpentry skills. Contact: The International Center for Gibbon studies, P.O. Box 800249, Santa Clarita, CA 91380, (805) 296-2737, FAX: (805) 296-1237.

List compiled by the Education Committee of ASP. Dr. C. Duggleby, SUNY at Buffalo, Department of Anthropology, 380 MFAC, Elliott Complex, Box 610005, Buffalo, New York 14261, (716) 645-2356, FAX: (716) 645-3808.

**Additional Information for 1994 Annual Meeting - American Society of Primatologists**  
 Joint Meeting with Animal Behavior Society, University of Washington, Seattle, 27-31 July 1994

The University of Washington is located about four miles northeast of downtown Seattle and 20-30 min from the airport. Take I-5 to the NE 45th Street exit and go east. The Meany Hotel is on the NW corner of 45th and Brooklyn. Those staying at the dorm will receive a map from the Housing Office, and information about parking if they have requested it. If you do not have a car, the best way to reach UW from the SeaTac Airport is by Shuttle Express (\$18 one way for 1 person, \$27 for 2, and \$5 for each additional person); after obtaining your baggage, go to the nearest Travelers' Information booth (no reservation required on arrival, but you must make reservations 2-3 days in advance to be picked up at dorm or hotel: 206-622-1424). Registration on July 27 and 28 will be in the lobby of Haggett Hall (dorm) located in the northeast corner of campus. Shuttle/taxi passengers and pedestrians: enter the University from the north entrance at NE 45 St and 17th Ave NE and inquire at the entry gate for directions to Haggett Hall. For other drivers, the main visitor parking area is the Central Plaza Garage: Turn south (right) off of 45th about 8 blocks east of the freeway, and look for the Visitor Parking 3 blocks on your left.

---

**MERCHANDISE ORDER FORM**

THIS FORM AND A SEPARATE CHECK OR MONEY ORDER PAYABLE TO "ABS/ASP T-SHIRT FUND" SHOULD BE RETURNED TO: Carolyn Crockett/ASP, Primate Center SJ-50, University of Washington, Seattle, WA 98195 before May 15. Orders received after that date cannot be guaranteed delivery on site, and an additional handling and mailing charge will be assessed prior to shipment.

We have already offered the basic conference T-shirt on the Registration Form. The "ABS/ASP T-shirt" listed below is the same product, so if you have already requested a T-shirt(s) on the Registration Form, please don't do it again here. All products listed below are from heavyweight material (we've seen the material ourselves), and will be imprinted with the black and red conference logo featuring Aerial-Arboreal-Aquatic animals in a style inspired by Northwest Native American art. The shirts are 100% cotton, "natural"-color (light tan) and sweatshirts are 50/50 cotton/polyester and light gray. The caps will be embroidered, rather than screened. Adult sizes are M, L, XL, and XXL; youth sizes are M, L, and XL. Prices include 8.2% tax.

ADULT SIZES	Size	Quantity	Subtotal
1) T-shirt .....	.....	X \$12.00	=
